## ABOUT LABOR FOR HAWAII

D. A. HAY COMING TO ISLANDS TO INVESTIGATE.

Is in Favor of a Modification of Labor Laws to Enable Contract Japanese and Others to Come.

CHICAGO, June 19.—D. A. Hay of the Interstate Commerce Commission, who was executive officer of the Hawaiian Commission last fall, left Chicago for Honolulu to continue the work of both that body and the United States Survey which remains incomplete.  
"The mission upon which I am engaged is of a twofold nature," said Mr. Hay before leaving. "The labor problem in the islands is in a complicated condition, which will require the greatest patience and the most careful investigation to unravel."  
"We understand that no Chinese have been imported into the islands since the flag was raised last July, but we do know that a great many Japanese have been landed. The conditions under which the raising of sugar cane, coffee and rice must be carried on for a fair profit are such that cheap labor must be obtained from some quarter of the world, and if our contract labor law is made applicable to the islands in the territorial or colonial form of government given them by Congress, a serious hardship, amounting to a practical killing off of great industries, will result. My instructions are to investigate more fully this question and to present a report to the committee, for Congress meets next December."  
"It is my opinion that the results of inquiry, and the facts gained by the members of the commission by personal observation will cause the modification of the immigration laws as applied to the islands to the extent of allowing the importation of Japanese and foreigners, other than Chinese, under contract, with the restriction that they are not to be brought from the islands to any other part of the United States."

## AN ENGAGEMENT.

The engagement of Lieutenant Victor Blew, U. S. N., to Miss Nellie Stewart, niece of Captain Philip H. Cooper, U. S. N., is announced. Lieutenant Blew distinguished himself in Cuba. He is well known in Honolulu, having been attached to the Philadelphia on one of her earlier visits.

## WILL ASK A RULING.

Matter of Squatters in Olan to Go to Supreme Court.

The land department will ask the Supreme Court something about the rights of people to squat on lands in the Olan section. The government is positive that the squatters have no rights whatever there, but it is desired to get an official ruling in order that there may be no difficulty in the way of ejecting the enthusiastic land grabbers.  
Agent Brown said today that the government was now proceeding to open the very tract upon which these people have settled. If there was a possible chance for their claims under American laws it would be knocked in the head by intervention of the Hawaiian program.

## ARTIFICIAL WATERS AS FACTORS OF DISEASE.

At the instance of the Lucknow Cantonment medical authorities, two aerated water factories have been closed, the water having been pronounced unfit for use. It is to be hoped that the decision will induce the medical authorities in India to overhaul the aerated water factories under their jurisdiction at other stations, particularly where enteric fever is prevalent. The popularity of Apollinaris Natural Mineral Water seems to have no limits. It is obtainable in practically all parts of the world, and in New York, as in England, no social function is without "The Queen of Table Waters." The menu of the assembly ball given at the Waldorf-Astoria, the Metropolitan Club dance given at Sherry's, as well as those of the Vanderbilt and the Astor balls, bear witness to the pre-eminence of Apollinaris. Indian authorities might do worse than follow the example here set them.—Land and Water, 18th February, 1899.

## HE DECLINES REGISTRY

COLLECTOR IVERS TALKS BACK TO CIRCUIT COURT.

Does Not Believe Spencer Owns Star of France and Will Not Give Him the Flag—Guardian for Dowsett.

The supreme court has finished all of its cases except that of the appeal in the matter of the Kabuku Japanese, charged with murder. This will be presented by counsel on Monday, whereupon the term will come to an end. Stenographer Jones is well along with the evidence in other cases and next week the judges will have all of the matters in hand. It may be expected that decisions will follow very shortly thereafter.

The summer vacation of lawyers will begin tomorrow and will continue two weeks. In that time attorneys will transact no court business save such as may be absolutely necessary.

W. O. Smith, guardian, has filed a petition to be allowed to sell certain lands belonging to the Hamakua minors, situated in Kewalo, to pay off the indebtedness of the estate. Friday, July 21, is set as the day for hearing the petition.

In the matter of John H. estate vs. Helen Boyd, trespass, plaintiff noted exceptions and notice of intention to appeal to the supreme court for a review of the case. Judge Ferry yesterday handed down a decision in favor of the defendant.

In the matter of W. R. Castle vs. J. F. Colburn, executor, and A. S. Cleghorn, administrator, the latter has moved the court to set a day for hearing.

In the matter of the registration of the Star of France, Richard Ivers, collector of customs, has filed in court a statement that he is not satisfied with the application of plaintiff and declines to register her. Among other things he says he does not believe Spencer is the owner of the vessel, as required by law. George R. Carter has been appointed guardian of the person and property of Edward Dowsett, under \$5000 bonds.

## BODY IN STATE.

Crowds View the Remains of the Late Queen Dowager.

The body of the late Queen Dowager Kapiolani is lying in state in Kawaiahao church this afternoon and will continue so until 12 o'clock tomorrow night. Natives were waiting to the hour the pall was set and at 12 o'clock began to file into the sanctuary to take a last look at their loved one. At either hand stood two military guards from Company G, N. G. H., standing a two hours watch. There were the faithful friends, and off to the left were the chanters in their solemn funeral refrains.  
The church looks prettier by far than ever noticed here. Never has the decorative art been so faithfully employed and to so great advantage. It is the remark of all that the decorations are even more elaborate than on the occasion of the obsequies of the late Princess Kaiulani. Yellow, white and green are the colors used.  
The body will lie in state all of tomorrow and everyone will be given an opportunity to see the face of the dead queen. In the afternoon the band will play dirges on the grounds.  
One change has been made in the official program for the reception, at the request of natives. It adds to the list of the dignitaries in line the staff officers of the late King Kalakaua. As the uniforms of these men have long since passed away they will turn out in citizens' clothes.  
The banks all closed at noon today out of respect to the memory of the late Queen Dowager.

## MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

## GOVERNMENT TO DECORATE

EXECUTIVE BUILDING TO SHINE ON FOURTH.

Minister Mott-Smith Will Put up Lights and Flags—Grounds for Fireworks. Pardons Discussed.

At its session this morning the Cabinet caught a little of the American spirit and decided to decorate the Executive building for July 4. Minister Mott-Smith was entrusted with the duty. He is to have the building illuminated and otherwise beautified, besides planting a liberal display of flags and bunting. Work will begin tomorrow.

The Cabinet also decided to give the use of the grounds of the Executive building for service of the fireworks committee. On the night of the 4th the grounds will be illuminated and thrown open to the public.

Most of the forenoon was devoted to discussing pardons, to be made on July 4. Some were decided upon to be recommended to the Council of State, but the executive would not give out the names acted upon favorably. A meeting of the Council of State will be called, or some hour tomorrow, perhaps in the afternoon, at which time the recommendations will be considered.

The matter of converting the water of Waialua into power for city uses was discussed by Mr. Rowell and Mr. Ivers were both consulted about it. The former was finally instructed to take measurements of the stream every day for a month or more, to determine its average volume and force. The Cabinet is practically a unit on the matter of utilizing the stream and that will probably be done.

Minister Mott-Smith reported that all diplomatic agents in Honolulu had been invited to attend the funeral of the late Kapiolani. A copy of the line of march was also submitted and approved.

## HAWAIIAN COMMERCIAL.

SAN FRANCISCO, June 19.—The Hawaiian Commercial & Sugar Company will decide the question of an issue of \$2,500,000 in bonds on August 18 for the refunding of the present indebtedness and the enlargement of the plant in various particulars. There is now a bonded indebtedness of \$991,578, bearing interest at the rate of 5 1/2 per cent, and maturing in 1910. Should this proposition be adopted, it is probable that dividends will be resumed this year. Indeed, there is already talk of a 50c dividend soon. In view of this action for the proposed bond issue, the stock has advanced from a little under par to 3 per cent premium on the par value, making the price \$103. It sold as high as \$125 last month.

## HAWAIIAN COFFEE LOWER.

Otis, McAllister & Co.'s, latest coffee report dated June 14, says of Hawaiian coffee:  
"There has been a fair amount of business during the past month but prices continue to decline. Prime coffees which could have been sold at 16c, two months ago are now worth about 14c, and fancy coffees have also declined proportionately; current qualities however are in slightly better demand than other grades and do not show the same reduction in value."

## INTEREST UNABATED.

Interest in the Orpheum is unabated and every night they play to a full house. The combination of actors now on the board are good, and it is a pleasant place to spend an evening. Nothing is allowed that will offend the most fastidious, and your family can safely be taken. Pure genuine fun for two hours every night. Take the children to the matinee tomorrow afternoon.

## ONE APPLICATION RELIEVES THE PAIN.

Mr. P. Ketcham of Pike City, Cal., says: "During my brother's late sickness of sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by all dealers and druggists. Benson, Smith & Company, general agent, Hawaiian Islands.

## HEROIC TWENTY-FOURTH

THE CELEBRATED COLORED REGIMENT HERE.

Faced Bullets on San Juan Hill and Yellow Fever at Siboney—Zealandia Again in Port.

A battalion of the Twenty-fourth infantry, one of the colored regiments that won honor at San Juan hill, and then faced greater danger by volunteering to serve as nurses in the yellow fever hospitals at Siboney, is in town.

No regiment that took part in the Cuban campaign acquitted itself better than the Twenty-fourth, and their services in the yellow fever hospital gave them the reputation such heroism deserves. Throughout the States no regiment is more highly thought of than the Twenty-fourth.

Together with about 100 white recruits and casuals, these four companies of colored troops constitute the 500 and odd men who arrived this morning on the Zealandia, en route to Manila. Captain Dowdell of the Zealandia speaks in the highest terms of the character and discipline of these men. He says in all his experience in command of a transport, he has never had a better lot of men. They are quiet, orderly, well behaved and well disciplined. They keep their quarters below deck in excellent order, clean and sanitary, and the work of keeping the ship clean is easy. Part of this he ascribes to the men themselves and much to the excellence of their officers.

The Twenty-fourth infantry was organized originally in 1866 as the Thirty-eighth. It was afterwards consolidated with the Forty-first and became the Twenty-fourth. The colonel of the regiment is Colonel H. B. Freeman, an officer of varied experience and great reputation as an Indian fighter. He served in Cuba and is soon going to Manila with other portions of his regiment.

The battalion on board the Zealandia, as well as the recruits and casuals, are in command of Major J. Milton Thompson, the senior major of the regiment and the commander of the first battalion. He is an officer of long, varied and capable service.

The other majors of the regiment are Major A. C. Markley who commanded at San Juan hill and at the Siboney fever camp, and Major Henry Wygant who commanded a battalion at San Juan hill. These two will arrive later with their respective battalions.  
The other officers of the troops on the Zealandia are: Captain J. E. Brett, Captain William R. Dashielle, Lieutenants Hunter B. Nelson, Claude H. Miller, Stanley Howland, Frederick W. Van Dyne and Charles E. Hay, Jr.; Doctors Heller and Zouner. Civilians are Commissary Clerk Stitt, Custodian of Official Bradley and civilian clerk Du Chaney.

Among the men of the Twenty-fourth now here are a large proportion of men who were in the Cuban campaign. Nearly all the non-commissioned officers saw that service.

The troops were mustered under arms on the wharf this morning and later were marched for exercise up to Union Square.

The Zealandia left San Francisco about 8 o'clock p. m., June 22. She could have reached here early last evening, but Captain Dowdell saw no advantage to be gained by coming in at night and so slowed down yesterday afternoon. Captain Dowdell was not very well when he left San Francisco, but came with his ship, nevertheless.

The Zealandia had taken out everything which made her a transport when the order came to make one more trip to the Philippines, and she was fitted up anew. Her officers are all the same as on her last voyage here.

Coaling began also as soon as she was made fast at the Oceanic wharf and it is quite probable she will get away tomorrow afternoon.
